Cancellations and changes are announced on the Trackstars WhatsApp group.
If the track is unavailable training may take place in the Urban Park or on the promenade.

 - **For recovery jogs between intervals – move to outer lanes**
 - **Do not stand, jog or walk in the fast lane**
 - **Do not stand on the active track. Move on to the grass or adjacent hard stand**

Runners without personal programmes will be put into squads which as closely as possible have common goals and pace.

Use an internet-based race pace calculator for your realistic potential based on current fitness and performance as well as to determine your ideal training paces. e.g:
